Features:

- Lightweight ergonomic design packs quickly and easily into a compact pouch allowing you to move with ease, providing comfort both in and out of the water
- Reflective piping on outer shell
- SOLAS reflective tape for increased visibility in rescue conditions
- 35 lbs of buoyancy when inflated
- Is capable of self-righting most wearers once inflated and donned (correctly pulled over the head)
- Manual Manual vs Automatic inflation: Oral inflation tube located on left chest as a secondary inflation option
- Easy inspection and maintenance with inflator inspection window - green means it's ready to go
- Easy to don, re-arm, and re-pack
- Durable 420 denier nylon outer shell
- Innovative neck opening accommodates wearers with different head sizes
- Welded seams, safety whistle, comfortable to wear
- Reusable with Re-arm MA 7203 Kit
