"Your level of satisfaction with the web voting process:"

Rating:	Comments about this process:
VERY SATISFIED	Tommy D rocks.
SATISFIED	Thanks for the follow up on voting! I appreciate the bios as well, its great to know what these candidates plan to do or will focus on if elected .
DISSATISFIED	Why would you send my membership number and password in the same unencrypted email? Vote hacking was a previous issue, correct? I don't understand why, from top to bottom, USRowing as a business is decades behind in every category.
DISSATISFIED	1. The survey questions are garbage and have little bearing on issues that actually matter. In particular, the USRowing "mission statement" is meaningless bureaucratic fluff and I'd rather just see open space for candidates to say what matters to them 2. Had to contact support to get the voting page to work
DISSATISFIED	Website was down when I first tried to vote.
VERY DISSATISFIED	There are sincere concerns about the integrity of this process following the rigged Board of Election two years ago involving the Chairman of the Board and the CEO and COO of USRowing. Most of us have zero confidence in USRowing's leadership and staff.
