USRowing & the U.S. Center for SafeSport

USRowing is calling on all of our Organizational Members to join in the SafeSport campaign developed to protect the health and well-being of our athletes. While the primary focus is to safeguard Youth athletes, these policies extend to all age groups including Collegiate and Masters athletes.

USRowing has adopted their own SafeSport policy aimed at eliminating all forms of sexual, emotional, and physical misconduct, as well as bullying, harassment and hazing in our sport. The program is based on education and training, reporting, and enforcement policies that include criminal background checks.

Did you know that USRowing has required each Organizational Member to have their own athlete safety program since 2015?

If your organization needs help creating, revising or strengthening your athlete safety policy, USRowing has numerous resources including policy guidelines, a SafeSport guidebook, access to background checks, and free SafeSport training.

To access these resources, visit [http://www.usrowing.org/safesport](http://www.usrowing.org/safesport). For specific questions, contact the Director of SafeSport at (609) 751-0710 or SafeSport@USRowing.org.

### #iamsunsafe

USRowing and the Midwest Melanoma Partnership have joined forces to raise awareness about melanoma, the deadliest form of skin cancer among outdoor athletes. Through education and promotion of sun safe behaviors, the two organizations hope to further increase awareness and prevention of melanoma.

Visit [http://usrow.us/sunsafe](http://usrow.us/sunsafe) for more information.

### SafeSport ONLINE TRAINING

Organizational Members of USRowing may use the online training course to educate all covered individuals (i.e. employees, volunteers, medical personnel) within their organization, as well as parents and athletes. Follow the steps below to access the Center for SafeSport online program:

### Do you know your PASS™ Score?

The PASS™ (Peril Assessment Scoring System) survey is a risk assessment tool intended to help you identify your organization’s key exposures and controls. The assessment is valuable because it pinpoints strengths and weaknesses. You can use the assessment to help you design a more effective safety program for your organization.

What To Do In the Event of a Claim

It is important to notify your insurance company of a claim (or potential claim) immediately after the incident occurs, so it may be involved in the entire claims process. If property damage is involved, take pictures of the damage if possible. Protect the property from further damage (save any receipts if expenses are incurred to do so). Do not admit liability. Obtain contact information for any other involved parties. Get names and phone numbers of any witnesses. Report to the police if a crime has been committed (like theft). Call Assured Partners at (484) 713-4129 as soon as possible to report any incident which may be covered under your insurance, or if you receive an attorney letter of representation or lawsuit. If you’re not sure if you have a claim, consult your agent to discuss the incident in detail.

Organizational FAQs

Why does my program need an organizational membership with USRowing?

USRowing organizational membership is required in order to compete at the more than 200 USRowing sanctioned and owned regattas held nationwide every year. The membership provides your organization with access to our membership portal, which is the preferred method of keeping track of athlete compliance. Additional benefits, such as complimentary event promotion and access to coaching education, are listed on page 3.

Do all my members of an organization need to be Members of USRowing and sign a waiver (online)?

Yes. Athletes or coaches without at least a current Basic Membership and signed waiver may not be eligible to receive insurance coverage in case of an incident. Tracking compliance online via your portal’s active roster guarantees that USRowing and its insurance partner can quickly confirm the membership status of any participant filing an insurance claim.

My organization is holding a fundraiser that will include individuals that are not part of our club (such as National Learn to Row Day or a Learn to Row event). Are we still covered?

Yes. Miscellaneous special events and activities that involve groups other than your members (or USRowing Members) are included automatically with your membership, subject to underwriting review. Please alert USRowing to any special events where you intend to host that require specific insurance coverage such as selling liquor, camps, etc. Paper waivers are accepted for participants in these types of events.

Our member organization also operates canoes, kayaks and stand-up paddle boards. Would these watercrafts be covered under USRowing’s insurance policy?

Yes, as long as these watercrafts represent less than 30% of your fleet and you are not renting to the general public. More and more communities are expecting boathouses to be multi-purpose waterfront venues that serve a larger base. USRowing now offers multi-watersport coverage options for Organizational Members. Coverage includes canoes, kayaks and stand-up paddle boards for an additional fee of $400 for clubs already enrolled in our insurance program. This does not cover exposure for dragonboats. You can sign up by logging in to the organizational membership portal at http://usrow.us/OrgMember.

What about other coverage that is not provided for my organization through the standard USRowing membership?

Starting this year, additional insurances – such as the Multi-Watersport Coverage listed above – can now be bought through the USRowing organizational membership portal at any time. Insurance options include crime insurance, hired & non-owned auto physical damage insurance and access to program-specific Directors & Officers, equipment insurance, and property insurance.

Will my member organization be covered if I race in an international event?

Your USRowing coverage is valid only in the United States, Canada and Puerto Rico. If you are attending an event outside these territories, you will need to contact Assured Partners about purchasing foreign liability coverage at (484) 713-4129.

Is the sale of alcohol by our organization covered?

The sale of alcohol is not covered, but host liquor liability is included in the coverage and that includes fundraisers, banquets, etc., where you may serve alcohol as part of the function. If your organization is in the business of selling alcohol, you need to purchase specific coverage for this risk. Please call Assured Partners at (484) 713-4129 for a Liquor Liability application.

Join, renew or upgrade your individual membership online!

[https://membership.usrowing.org](https://membership.usrowing.org)

*Online electronic registration and release form required for individual insurance to be active.*
Athletes and parents often update their membership profiles. To ensure changes are easy to make and easy for coaches to interpret when viewing the roster portal, review the following:

The Member ID is an essential piece of information for any member. It allows the Member to log in and update, renew or upgrade the account.

Important news, exclusive deals and profile updates are sent to the email on file. Many times if users report their password reset email was not received, they have since changed their email address from that which was entered at the time the account was created.

If an athlete is not on your roster, they may not have affiliated with your organization. Provide them with your club code, which can be found in the “Settings” tab of your roster.

The roster portal will show a coach if waivers have been signed. A green checkmark indicates a valid waiver. If checkmarks are missing, athletes must complete their waiver in order to compete.

Please note: At the end of the process, athletes will be asked if they plan to compete in a national team selection event this year. This includes national selection regattas and national team trials. For most, this answer is “no.” If “yes”, the athlete will be prompted to view the US Anti-Doping video and questionnaire.

USRrowing is here to help. If you or your athletes have difficulty with membership accounts, reach out and let us know. We love to hear from our members and value your feedback. Call us at (609) 751-0700 or email us at members@usrowing.org.
The Merge Function

Improvements to the merge function ensure easy merges -

To merge two member accounts, FName, LName, DOB, Gender, and Email must be IDENTICAL
Ex: (Pat & Patty=no merge)

FAQs:

Why do some athletes have duplicate records?
1. An athlete has not affiliated with the club and therefore is not on the roster. To remedy, they created a new account.
2. An athlete forgets their member number or password, has trouble logging in and creates a new account.

Where do I get my admin or club code?
These codes are emailed to you throughout the year. You also may find your club code in the “Settings” tab of your roster. Please contact organizations@usrowing.org or (609) 751-0706 with any questions about your admin or club code.

An athlete says they have completed the waiver but it does not appear on my roster. Why?
Athletes must affiliate with your organization through their Member profile by using your club code (found in the “Settings” tab of your roster). An athlete may have signed their waiver, but they will not be listed on the roster if they are not affiliated.
